

DAS UnITE SpLD 2019 Event Listing

New findings and methodologies have been emerging around the world to enhance support, intervention and assessment for children with specific learning needs.

The Uniting Ideas in Teaching Excellence Specific Learning Differences (UNITE SPLD) Conference 2019 will showcase latest global research covering aspects of behavioural, literacy and social emotional support, intervention and assessment for these children.

The main conference will feature a series of talks by SPLD experts from 11 countries on wide-ranging topics covering differentiation, assessment, educational technology and teacher support. The pre-conference session will present two workshops to enhance understanding of the multiple learning challenges faced by a child with SPLD and the value-add of educational technologies to learning.

Whether you are a parent, teacher or practitioner working with children with special learning needs, join UNITE SPLD 2019 to be empowered to make a difference in the lives of children with special learning needs.
